

## 4<sup>TH</sup> SINO-INTERNATIONAL COMPANY MEETINGS CALL FOR APPLICATIONS

Are you interested in Sino-International collaboration but not sure about the right approach? Would you like to expand your professional network of Chinese film professionals? Do you find it challenging to look for a reliable partner? More and more Chinese filmmakers have turned their attention to the global market and at the same time more and more international ones are eager to explore the blooming Chinese market. As the opportunities for Sino-international collaboration continue to grow, one of the biggest challenges is still the built of trust and personal connections among producers.

For this reason, Bridging the Dragon together with the Marché du Film will host for the fourth consecutive year a **Sino-International Company Meetings** event. The aim is to match-make a number of selected international companies to Chinese counterparts according to their mutual focuses and goals. The event will take place in the **afternoon on Sunday, 19 May 2019 in Cannes.**

The *Company Meetings* is a very efficient and nice place to meet valuable Chinese companies. It helped us to build new relationships.

I got to know many European film professionals at the *Company Meetings*. It's very important for us to have efficient meetings and exchanges like this!
