

**MARCHÉ DU FILM**

**FESTIVAL DE CANNES**

6 - 15 JULY 2021

# COVID-19: Safety Plan

For more than a year, the COVID19 pandemic has had a great impact on the cultural & event industry. As a result, the 74th edition of the Festival de Cannes has been exceptionally postponed to the summer of 2021, and the Marché du Film will therefore be held from 6 to 15 July.

The Festival de Cannes and the Marché du Film consider the safety of everyone onsite as our top priority. For the well-being of everyone, we ask you to join us in following and respecting all local authority and governmental guidelines relevant to keeping the Festival & Marché COVID-safe.

# Event Safety Protocols

## RESPECT FOR SOCIAL DISTANCING

- Mandatory face coverings
- Clean and sanitize hands
- Enforced physical distancing
- Dedicated signage

## RECONFIGURATION OF SPACES AND CIRCULATION

- Queues and circulation redesigned to ensure social distancing
- Additional terminals to enter/exit
- Modified entrances/exits to reduce cross-flow
- Reconfiguration of customer service areas

## SANITARY MEASURES

- Continuous cleaning and disinfection of touched surfaces
- Hand-sanitizing stations with hydro-alcoholic gel to protect yourself and others around you

## MEDICAL PERSONNEL

- 24/7 Medical Concierge Service
- Dedicated medical team onsite
- Protocol for the management of suspected cases

# Last Minute Update

---

The French government has published a document (dated May 18<sup>th</sup>) about the measures to be implemented for events taking place in July, including cocktails ([click here](#)).

# Transports

Travel with confidence

Nice Côte d'Azur Airport is fighting the spread of the virus and has just obtained ACI Health Accreditation.

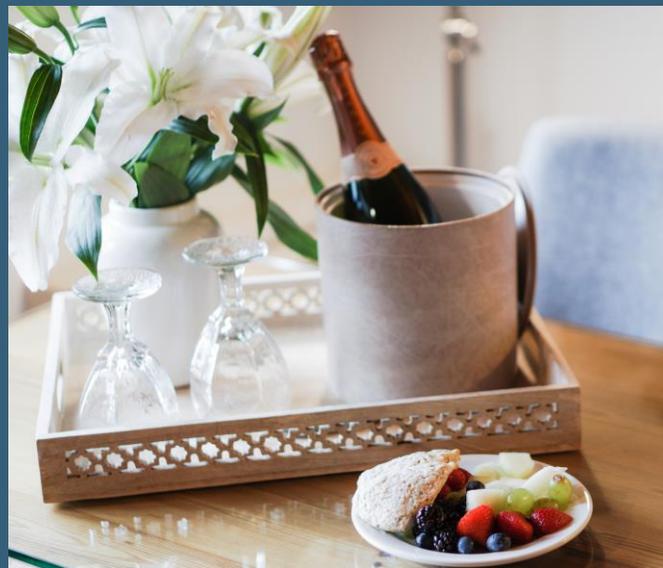

The SNCF has stepped up its health & safety measures to keep you safe in train stations and aboard their trains.

Taxis are regularly ventilated and disinfected.

Buses have put in place protective measures to better protect its passengers & drivers.

## Hotels

Each hotel in Cannes is committed to applying a strict sanitary protocol established by the UMIH (Union des métiers et des industries de l'hôtellerie): disinfected rooms, specially-trained staff, social distancing measures, etc.

# The Palais des Festivals et des Congrès de Cannes

an international reference for health & safety

- First convention center in France to obtain the "GBAC STAR™ Facility" label, the best North American certification awarded by the Global Biorisk Advisory Council. This accreditation is awarded to facilities who have implemented the strictest protocols for cleaning, disinfection and prevention of infectious diseases within its establishment.
- Considered "COVID-19 Business Ready" by the SOCOTEC group and awarded the "Health Security Label" and the "Ecovid Label"

The Marché will provide its clients and providers with a COVID-19 screening center directly onsite to facilitate testing procedures.

The health & safety protocols will be updated accordingly at the beginning of the summer. All decisions regarding access protocol (COVID-19 tests, temperature checks, etc.) and capacity limitations in certain areas will be decided at that time based on the recommendations from government and local authorities.

Rest assured, the festival team is taking every step and precaution to ensure the Marché du Film and Festival de Cannes is as safe as possible for all attendees and staff. We ask everyone to join us in these efforts so that we may have a healthy event and enjoy the 74th edition of the Festival de Cannes in complete safety.
